### What you should remember about

# "DASHER, DANCER, PRANCER and VIXEN"

### and why Sears thinks it is very important

Perhaps you have forgotten—as so many of us have—the true reality behind the idea of Santa Claus.

He isn't *just* a jolly old man with a white beard—he, and the spirited steeds that deliver him to your roof top, *seem* to deal in dreams.

But Santa Claus is *real*—the idea of him and the reindeer that pull his gift-packed sleigh is just another way of saying that, once a year, out of the blue, can—nay, will—come the answer to our hopes.

This is a very important thing to remember—and one many of us tend to forget in these tense and hurried days. Christmas is the one particular day on which you and I can prove that the hopes of those we cherish are not *just* dreams—that they actually can come true.

Sears takes this seriously—we think the very existence of this Christmas Book proves it. But we know, at the same time, that it is sometimes momentarily hard for all of us to do what we would like to do—sometimes we need help—to do the things we feel are right.

**That is one reason why we offer unusual credit terms on your purchases from now until November 15th**—***no monthly payments whatever until after the first of the year—none, even, until after February 1st on many appliances.*** **Of course, we also ask that *you* help *us* when you use this plan—by buying before November 15th, so we can handle your orders before the rush.**

We think this will help you—and also, so will our policy of NO MONEY DOWN on credit purchases. By buying before November 15th—on one of our Credit Plans (except a Sears Revolving Charge Account)—you can do all your Christmas buying—and not send us a penny until after January 1st.

Don't you think—as we do—that perhaps *this year* at least you can make all those dreams come true?

- Wash after wash, shirt stays soft, smooth and comfortable . . no scratchiness, because it's soft to begin with
- Shirt is cooler and more absorbent

And this shirt dries quicker than most other cotton wash and wear shirts. Resists soiling too. Will never stretch out of shape . . always drapes perfectly. Sanforized . . fabric won't shrink more than 1%. Lynn medium-point, medium-spread collar. Permanent stays. Convertible cuffs (button or links). ## SHIPPING INFORMATION

PARCEL POST SHIPMENTS: On all articles for which you pay shipping charges, the shipping weight is given in the catalog description. Enter the total shipping weight for each article in the shipping-weight column of the order blank. Add the pounds and ounces, then change ounces to full pounds (16 ounces equals 1 pound), and enter total weight in pounds. The postoffice counts fractions of a pound as a full pound and charges postage accordingly. For example: If your order totals 6 pounds and 30 ounces, allow postage for 8 pounds (30 ounces equals 1 pound and 14 ounces, therefore 1 pound 14 ounces plus 6 pounds equals 7 pounds 14 ounces and the postoffice will charge for 8 pounds).

See chart at right. If you live in Zone 3 or within 151 to 300 miles from Mail Order House, the amount of postage to allow for 8 lbs. is 71c. If you send more money than is needed to ship your orders, we will refund every cent not used.

FREIGHT OR EXPRESS SHIPMENTS: It is not necessary to send money to pay for freight and express shipping charges in advance. You pay shipping charges to agent at your freight station when goods are received. However, if there is no agent at your freight or express station, please include additional money with your order to prepay shipping charges. While express is faster, freight is the most economical way to ship heavy, bulky merchandise. Before marking method of shipment on order blank, compare freight and express rates on blue pages of your Sears big Catalog.

TRUCK SHIPMENTS: Not all trucking companies make deliveries to a home address. This can be verified by checking with your trucking company's local agent.

If shipment is to be made to your home and you live outside of town, also give your highway route number and some identifying landmarks.

It is not necessary to send money to pay for truck transportation charges on your order. You pay shipping charges to truck driver when goods are received.

HOW TO SEND MONEY: The best way to send money is by postoffice money order, express money order, or by bank draft or check. The mail carrier will buy a postoffice money order for you if you live on a rural route. It is better not to send coins or paper money with orders, but should it be necessary, be sure to send your order by registered mail.
